

# Cody

Cody is a Boxer/Boston terrier mix, neutered male, approx 5 yrs young, current on vaccines, hw negative, flea free and micro-chipped. Cody is crate trained, house trained, knows SIT, SHAKE, BEG, DOWN, OFF, STAY, LEAVE it, and can walk well on leash without pulling. Cody will do lots of talking in his excitement to meet people when they come to your home; sometimes in his excitement he will jump up on people but it is less with each passing day ;- ) CODY's FAVORITE toys: Squeaky football, Chuck-it ball, and a rope toy. CODY is happy to SHOW you his toys when he is ready to play, or he will play on his own. He is very smart (loves training and quick learner) - treat motivated ! **Consistent rules and routine are KEY with this boy's success, loyalty and commitment to you.** CODY enjoys car rides but moving windshield wipers get him overly excited so he should always be leashed in the back seat of the car. CODY's foster family has other dogs, he shows a preference for females (similar to his size). He doesn't play with other dogs, just likes to meander in their company. He is confident and OFTEN affectionate with kisses !. He LOVES being with his human companions; sitting next to them on the couch or hanging w/them in an easy chair on the deck/patio. He doesn't cuddle but loves being with you when you are home. CODY had a medical emergency which required the removal of his right eye in 2018; he has adjusted very well . A fenced yard is required, and we recommend children over 16 yrs of age.
