

# Cody

Cody is a 4 yr, Boxer & Boston terrier neutered male, current on vaccines, hw negative, flea free and micro-chipped. He was an "only child" for the majority of his life. Cody's foster family has other dogs; he is good with older dogs that have a calm demeanor and seems to prefer dogs his size and females. Cody is crate trained, house trained, knows SIT, SHAKE, BEG, DOWN, OFF, STAY, LEAVE it, and can walk well on leash without pulling. His FAVORITE toys: Squeaky football, Chuck-it ball, rope toy, and JOLLY BALL with rope, (no tennis balls, please), AND Elk Antlers. Cody is happy to SHOW you his toys when he is ready to play; sometimes he prefers you chase him. He loves to play hide & seek w/his person and sometimes he will talk when super excited. He is a very smart student (loves training) and quick learner; and he will test his boundaries at times to determine if you are REALLY serious about the rules. **Consistent rules and routine are KEY with this boy's success, loyalty and commitment to you.** CODY is always ready for a CAR RIDE but windshield wipers when moving make him overly excited...it's that PREY mentality! He is confident and affectionate, patient and very treat oriented. He LOVES being inside or outside with his companions. Sometimes in his excitement he will jump up on people; so we recommend children over 16 years of age. In early Jan, CODY had a medical emergency which required the removal of his right eye; he has adjusted very well .
