

# Cody

CODY is a 5 yr, Boxer/Boston terrier mix, neutered male, current on vaccines, hw negative, flea free and micro-chipped. He is crate trained, house trained, knows SIT, SHAKE, BEG, DOWN, OFF, STAY, LEAVE it, and can walk well on leash without pulling. Cody will want to Meet & Greet your friends and family that come to visit your home, then he is off to get his favorite toy . CODY's toy chest includes his FAVORITE toys: Squeaky football, Chuck-it ball, rope toy, and JOLLY BALL with rope, (no tennis balls, please), and occasionally Elk Antlers. Cody is happy to SHOW you his toys when he is ready to play; sometimes he prefers you chase him. He is very smart, is a quick learner and loves training - because he is very treat motivated ! **Consistent rules and routine are KEY with this boy's success, loyalty and commitment to you.** CODY is always ready for a CAR RIDE but moving windshield wipers tend to get him overly excited so it is BEST that he is leashed in the back seat of the car. Cody's foster family has other dogs, and he shows a preference for females (similar to his size); however, CODY doesn't play with other dogs, he just likes to meander in their company or go off and explore the scents of the yard. He is confident and can be affectionate with kisses when the bond of trust is established; he LOVES being with and beside his adult companions. We recommend children over 16 years of age. CODY had a medical emergency which required the removal of his right eye; he has adjusted very well .
