

Cody

Cody is a 4 yr young, neutered male, 50lb, Boxer/terrier mix, and like all of our adoptable companions..... current on vaccines, house trained, crate trained, hw negative, flea free and micro-chipped. Cody is very confident and intelligent, loves training - is a quick learner, and knows SIT, SHAKE, BEG, DOWN, OFF, STAY, LEAVE it, and can walk well on leash. CODY thrives on **consistent ROUTINE** in his life, and once the bond of trust has been established CODY can be a very affectionate boy. CODY is always ready for a CAR RIDE but moving windshield wipers - when he is in the car - make him nervous. He **will play with his favorite toys** as opposed to playing directly with other dogs. His FAVORITE toys are: a large squeaky ball, a rope toy, and a Chuck-it ball with no squeaker. He will share his toys with people only. His favorite places include: resting in sunlight (like a cat) or in front of the fireplace or heater since he is not a fan of cold temps (or rain or snow). When outside with his human companion, CODY likes to explore the smorgasbord of scents. He is a VERY FAST runner and very quiet when he hunts. He was raised as an only pet and has adjusted very well in his foster home living with 2 other dogs. He prefers dogs that have a calm demeanor, females and are of similar size, but he would do well as an only pet since **he prefers PEOPLE** (young adults or older) . In early Jan, CODY had a medical emergency which required the removal of his right eye...he has adjusted very well !
