

Cody

CODY is a 4 yr. Boxer/terrier mix, 50lbs, neutered male, current on vaccines, hw negative, flea free and micro-chipped. He is confident, very affectionate, very patient, and quite the explorer when outside! CODY was raised as an only child BUT has done well in his NEW routine of living with other dogs, and interacting with many dogs during his "supervised" play dates in daycare. CODY does BEST w/other dogs that have a calm demeanor, and seems to prefer dogs his size and females. Cody is house trained, knows SIT, SHAKE, BEG, DOWN, OFF, STAY, LEAVE it, and can walk well on leash without pulling, and crate trained too. His FAVORITE toys are KONG ball (no squeakers!) and Chuck-it ball and sometimes Elk Antlers. Cody is happy to SHOW you his toys when he is ready to play. He loves to play hide & seek w/his person and he will talk when super excited. He is a very smart boy (loves training and quick learner). He is very curious and loves to explore everything inside and outside; he will test his boundaries at times to determine if you are REALLY serious about the rules; so consistency and routine are KEY to building trust with him, and this boy's success in a new home. CODY is always ready for a CAR RIDE but moving windshield wipers - when he is in the car - make him nervous ;-). He LOVES being inside or outside with his companions when it is warm, but on cold days he lives by the heater! In Jan, CODY had a medical emergency which required the removal of his right eye but that doesn't stop him at all from enjoying life and people.
