

Deacon

This chocolate lab is a neutered male, current on all vaccines, house trained and crate trained, approx 76lb, and soon to be 7yr in JAN. Don't let his age fool you because his energy level will surprise YOU ! He needs a **large fenced yard, playtime and exercise (walks or hikes) routinely** because.....we all know "A TIRED dog is a GOOD dog" ! He enjoys tug of war with his rope toy or a kong ball, and his personal (kiddie) pool is much loved (during the summer); if there's a creek or rain puddle he will find it and partake ! Deacon loves: Spending time outside watching and chasing squirrels or rabbits (he has a strong prey drive so "nose work" is something you will see often from him), Playtime throughout the day, Car rides are something he always looks forward to, and, hanging with his human companions wherever they are inside or outside. He will greet his humans with toys or kisses, and he **tries** to be a LAP dog, so be prepared for this boy's intense level of affection ;-) He thrives on human companionship; adults are the best fit for this boy and no other pets. Deacon is very smart and has done very well with his much needed and on-going training; **he knows some basic commands** (sit/stay, wait, leave it, stop/sit, here for recall) **necessary to help manage his behavior** at meal time, during walks on leash, and at his fence line.
