

# Deak

DEAK (aka Deacon) is a large 75 - 80lb, neutered chocolate lab, approx 7-8yrs young; like all of our fostered dogs ...current on all vaccines, flea, tick and heartworm free. Deak is house trained and has specific "**obedience commands**" he must follow to help manage his behavior. He would do best with someone dedicated to providing consistent leadership, rules, routine, exercise, some playtime, and companionship.

DEAK enjoys his **OUTDOOR** time, along with his kiddie pool (included with his adoption) and favorite collection of **TOYS**. He has one in his mouth almost every time he goes out and almost every time he greets you. Short periods of play...tug of war with his rope toy or a Jolly ball are also **FAVORITE** activities for him; if there's a creek or rain puddle he will find it and partake ! Daily exercise; in particular, hunting and exploring (nosework) is of great **JOY** to DEAK as well. We all know "**A TIRED dog is a GOOD dog**" DEAK is quite curious when on a walk; he is learning to walk at a "reasonable" pace.... Until he sees a squirrel , LOL ! Anyone that jogs, roller blades, or walks at a brisk pace would be a benefit to him when cool weather arrives.

DEAK's daily routine is potty, then breakfast, then...time outside watching birds, chasing squirrels or rabbits (he has a **strong prey drive** so "**nose work**" is something you will see often from him), short intermittent playtime, nap time, and a cruise through his kiddie pool. He is always ready for a car ride and a long walk on a cool day. Being anywhere with his human companions - inside or outside - gives him much comfort and joy. He will greet his humans with toys or kisses, and he tries to be a LAP dog, so be prepared for this boy's intense level of affection if you are a member of his family 😊

Deak is most secure and best behaved with **rules and routine**. He is a strong boy and a **stronger PROTECTOR** of his home, yard and family. Adults are the **BEST FIT** for this boy with no other pets in the home. Adoption application located on the **ADOPTME** page at Dream4pets.org
