

Duke

DUKE is a neutered male, German Shepherd, 5-6 years young, hw negative, flea free, and current on vaccines. He was an owner surrender released due to obvious neglect; but is now in recovery mode with clean skin and healthy coat due to daily intake of antibiotics, medication and bathed with medicated shampoo. Duke now maintains a "healthy" status while in the care of his vet. DUKE is a very handsome, intelligent, loving, obedient boy, and enjoys being bathed, loves attention from caretakers, is crate trained, house trained, enjoys tug of war, has shown wonderful discipline / behavior ON leash around people and other dogs, and will frequently talk with caretakers. Off leash he has been known to show strong dominance. Duke is a sensitive boy who we know will thrive on additional training and definitely routine exercise. A fenced yard is a requirement, and we recommend a family with adults (age 21 and older). If interested, send an adoption application found on the ADOPTME page at DREAM4pets.org
