

# DUNCAN

This 4 yr young, neutered male, is a 70lb mix of Lab, Shepherd, and maybe Great Dane mix. He is fully vetted, house trained, crate trained, hw negative, micro-chipped (like all of our adoptable dogs) . DUNCAN tends to have a chilled, laid back disposition, is very obedient, enjoys his car rides and walking routine weekly, 1 -2 miles (depending on the weather, of course), hiking, and just hanging with his family, or sleeping in the shade or laying by your side at the fire pit. He will routinely play with his favorite toy (Jolly ball on a rope), he will get the zoomies at times, watch squirrels from the sidelines, meander the yard, or use his time to play with his furry (female) canine companions. He has lived with a cat, and a mix of other male and female dogs (larger and smaller). DUNCAN can be protective of his yard, but outside of his territory he is very socialized, walks well on a leash, and knows the following commands: Sit, Stay, Wait, Come Here, Settle, OK, and Leave it. He is a very smart, loving, loyal, sensitive boy who thrives on training and exercise ;-). A fenced yard is a requirement, and we recommend children over the age of 12. If interested, send us an adoption application found on the ADOPTME page at DREAM4pets.org
