

# DUNCAN

Duncan is a 4 year young male black lab rescued from our county shelter. HARD to BELIEVE this boy was not claimed when found as a stray !! HE is now part of the DREAM TEAM "adoptables".....neutered and fully vetted,house trained, crate trained, and micro-chipped too ! His foster mom says DUNCAN is just one awesome boy. He plays very well with his 4 legged furry playmates outside,and inside he's just a chilled, laid back boy. LOVES everybody, enjoys being with his family companions OR outside playtime w/his furry companions. Walks well on a leash, is well behaved, and is one very smart boy... WAITING NOW for his next BEST home !! A fenced yard is a requirement. Adoptions are typically within a 100 mile radius of Miami County.
