

Lily

Miss Lily is the youngest girl brought into DREAM pet rescue; she was born in February 2020 and has been in foster care since May. She is now spayed, and current on all vaccines, and micro chipped - as are all of our dogs ;-). This energetic, young girl, lives with a foster dog (male) who is older, 5yr. and approx. same size (30lbs), who has helped her become acclimated to family life (instead of being crated for most of the day). She is not shy about showing the JOY she has for her foster family every morning she wakes up. **Inside...** her current routine is: grab a toy, chase foster brother (Baxter), naps, wrestle with Baxter, another nap. Throughout the day Lily will roam room to room collecting toys to have beside her during naptime and for playtime on her own. She likes to hoard them under the coffee table where she is often found taking a nap. Lily has no issue sharing toys, she just likes to know they are safe with her, lol. When **outside**, she quickly does her business, then bounces to go sniff around. She still prefers being inside; she scratches at the door and whines when ready to come inside. She does get into the baby pool on her own now to stand and drink. Lily knows and obeys Sit and Down, she is currently in training learning "stay" and how to walk on leash (without pulling). We are looking for a family with a 4legged furry male companion to help deplete her energy and share some playtime. A fenced yard is always a requirement with our furry friends, and we recommend children 10 or older for this wonderful young girl. She will be READY for ADOPTION at end of AUGUST, early Sept, but ADOPTION APPLICATIONS now being accepted; visit the ADOPTME page at Dream4pets.org
