

Rocco

Rocco is almost 4 yrs young (Sept birthday), neutered male, utd (up-to-date) with vaccines, hw negative, 50lbs, and is a terrier mix. He loves to cuddle with his human companion after he has had his run and play time. He has attended basic obedience training; walks well on leash, and off leash RUNS like the WIND! HE is a very HAPPY boy, loves to play fetch and enjoys squeaky toys. He is looking for a permanent home. He can be fearful of other dogs until he learns they are not out to harm him so an experienced handler would be best for him; continued reinforcement of his behavior training is recommended. We think his preference for sharing a home would be a furry female companion OR he would love being the only cherished companion. He is an awesome young boy with LOTS of energy but also loves to cuddle and does great on car rides. Like all young boys he needs his run time and play time, then is happy to relax and cuddle, and he is quite the guard dog too, he will make sure you are aware of an unfamiliar sound or stranger. Rocco loves children but due to his exuberance and strength we recommend children over 10 years of age.

Rocco's training has helped him come a LONG way in improving his behavior.... he would not be a dog park dog as too many canines running in every direction can create high stress in him. We are seeking someone committed to helping him continue his obedience training and good manners.

Courtesy Posting....

DREAM is posting ROCCO as a **courtesy** for Doggone Adoptions rescue (located Casstown OH).

If interested in ROCCO or would like to MEET him,
