

# Rosebud

Rosebud is a shepherd/rott mix that is **ALL SMILES** - every day; a very **social butterfly** that knows no stranger and a girl that likes to be the "top dog". She is house trained, crate trained, current on all vaccines, and of course spayed and micro-chipped (like all our dogs). Rosebud loves to meander the yard and just hang with her favorite peep (family members). She would do well as an only dog OR with a laid back and calm male dog; she can be a bit dominant at times (around other dogs) given her desire to be close to her human companions. She can be protective of her toys. Rosebud is very low maintenance girl, it seems she just wants to be part of a family again and have her presence recognized and appreciated. Rosebud returned to DREAM after 7 years due to her dad's passing and her mom's need to vacate their home. Due to her size (approx 70 lbs), strength, and exuberance (yes - she will race you to the car and win if she knows a car ride is in store for her!) We recommend children over the age of 10, and a fenced yard too. If interested in **adopting OR fostering** ROSEBUD, please send an **adoption application found on the ADOPTME page** at Dream4pets.org
