

Sheba

Sheba is a 7 yr, spayed female, current on all vaccines, heartworm negative, and current on hw and flea prevention too. We think she is a mix of Weimaraner mix. She is very intelligent, confident, outgoing, and energetic; but also a big cuddle bunny who loves a nice warm blanket, and has a great fondness for the lap of human companions. She is looking for a family to love, and give endless kisses to, and keep her exercised routinely.

Because SHEBA has a strong prey drive it is recommended she not live with cats or small dogs. To help SHEBA keep mentally stimulated, and to help her maintain self control we strongly encourage vigorous exercise, daily playtime, and continued training. Her favorite activities are: fetch, long walks, running in the backyard, and playing games. She is an avid exercise enthusiast and walks on the treadmill routinely. Her high metabolism suggests supplements (extra protein such as eggs, liver, and hamburger) to her diet throughout the week.

Courtesy Posting....

DREAM is posting SHEBA as a **courtesy** for Doggone Adoptions rescue (located Casstown OH).

If interested in SHEBA or would like to MEET her, Email doggoneadoptionsOH@yahoo.com
