

Shep

SHEP is 8 yrs young, neutered male, utd (up-to-date) with vaccines, hw negative, and is approx 72 lbs . His best friend and roommate for many years, Zoey (black lab) was adopted in the Spring and he is now looking for a forever home as well. SHEP has spent most of his life being boarded, and cared for by women so he can be hesitant around men. Once SHEP knows and trusts his companion(s) he displays a happy disposition and has energy to play on a daily basis. SHEP can be a little leary of strangers at first but once he knows and trusts you his beautiful personality will SHINE !! He can be quite the talker and will alert you to a stranger. He is very personable, loves attention and is super loyal to his companions. He listens well, is obedient and could use some helpful reminder about leash walking. He enjoys spending time inside or outside with his companions and CAR RIDES too ! Due to his size he would do best with children over 12 years of age.

SHEP is posted as a courtesy for DoggoneAdoptions rescue

If interested in SHEP, call 937-266-5539

Shep lives currently in a barn located in Casstown OH
