

Willow

Willow is a young (maybe 2 yr) spayed female who is crate trained, house trained, completely vetted, walks well on leash, somewhat independent, and is learning to play - appropriately, with her furry friends. She lives with other dogs currently in her foster home. We believe Willow to be a beagle/terrier mix so exploring the great outdoors is FUN, chasing squirrels and rabbit hunting is also a FUN and frequent activity for her, along with play time of her favorite squeaky toys and rope ball and chewing.....and thankfully she is happy to relax wherever you are after her playtime. She is currently in Miami County, OH Adoption application is located on the ADOPTME page at Dream4pets.org website.
